

Title: **Research Assistant**

Provided by: **International Foundation for Electoral Systems (IFES)**

Location: **Kyiv, Ukraine**

Starting date: **August 21, 2017**

The International Foundation for Electoral Systems (IFES), a non-profit international organization, supports citizens' right to participate in free and fair elections. Our independent expertise strengthens electoral systems and builds local capacity to deliver sustainable solutions. As the global leader in democracy promotion, we advance good governance and democratic rights by providing technical assistance to election officials, and by empowering the underrepresented to participate in the political process. Since 1987, IFES has worked in over 145 countries - from developing democracies, to mature democracies.

IFES works to foster discussion on electoral law reform, build the capacity of civil society to analyze and advocate on election law issues, ensure Ukraine's ability to enact critical political finance reforms through assistance to the National Agency for the Prevention of Corruption (NAPC), and strengthen the capacity of election officials through technical assistance to the Central Election Commission (CEC). IFES support has focused on both the process and content of reform by promoting inclusive dialogue among stakeholders and providing technical assistance in the development of legislation consistent with international and European standards. Dovetailing with election law reform is the objective to improve transparency and oversight of political finance. IFES has been directly involved in the conceptualization and drafting of reform legislation, including recent efforts to reform the Law on Local Elections and comprehensive political finance reform. In addition, IFES is working with local civil society organizations to develop and promote measures that address women's underrepresentation in Ukrainian politics and make local and national elections more accessible to persons with disabilities.

IFES is a leader in the field of public opinion research in Ukraine. Since 1994, IFES has conducted 25 nationwide public opinion surveys in the country, examining socio-political issues, and attitudes towards elections and democracy, among other topics. Data from these surveys have enabled IFES to focus its technical assistance and to provide valuable and up to date information and analysis to donors and researchers

IFES is seeking qualified applicants for the position of Research Assistant. The position is for six months, with the possibility of extension. Recent university graduates are encouraged to apply. The Research Assistant will be responsible for conducting research on electoral matters, including political finance, electoral reform, inclusion of vulnerable and disenfranchised groups, and accessibility of the electoral process. The Research Assistant will also provide logistical support to IFES Ukraine programming and English-Ukrainian-Russian language support when needed.
